

SPECIAL SERIES

Inspire. Innovate. Impact.

So you can live your best life, we are inventing a new, solution-based system of care.

Inspire. Spectrum Health makes it easy and fulfilling for people to achieve their best health.

Innovate. Spectrum Health invents health solutions and delivers inspired care.

Impact. Spectrum Health offers world-class care with an unrivaled breadth of clinical services.

'I'm glad I made that call'

Now in its 10th year, Strong Beginnings has effectively upended the status quo when it comes to health equity and maternal-infant health in the African-American community.

Pill-sized pacemaker: 'It's mind-boggling'

An 86-year-old man becomes the first to get the revolutionary new device in West Michigan.

PATIENT STORY

'No other way for him to get help'

A toddler from Guyana travels 3,000 miles for a life-changing operation.

Young at heart

After narrowly escaping death, heart transplant patient Fred Nelis will swim competitively in the Transplant Games.

A 'life changing' innovation

When Lana Van Alstine refused to become a 'cardiac cripple,' her doctor found a way forward for her.

'Think about the good things'

Naomi, 7, has advice for other cancer patients after she emerges from a month of isolation for her bone marrow transplant.
